

# Aviation Update

## Operations moving back to Anchorage Airport

### **Effective June 15, 2020**

ConocoPhillips Global Aviation operations will transition to Ted Stevens International Airport. This includes all Boeing and Q400 flights. **Aircraft operations will no longer be conducted at the Aviation hangar starting June 15.**

You can find updated flight schedules (reflecting the gate location change) on the [ConocoPhillips Global Aviation website](#).

### **Where to go:**

The new Anchorage ticket counter is located at the upper level of the Anchorage airport near the previous location. ConocoPhillips has also leased a new passenger boarding gate located on the lower level at Gate L1. Please look for the signs identifying our new areas.

### **Screening Process: PLEASE ARRIVE AT LEAST 2 HOURS PRIOR TO DEPARTURE.**

1. Medical screening will be conducted at the airport. All passengers must be medically screened prior to contact with ticket counter or gate agents.
2. If you are driving to the airport, go to Door 8 on the upper level. If you are flying in, exit the secure area of the airport and proceed to medical screening.
3. Proceed on to the upper "A" concourse for medical screening provided by Beacon. Follow the signs.
4. After medical screening, proceed to the new ticket counter if you have bags to check. If no bags to check, go directly to the Gate L1 on the lower level.
5. Passengers will go through security screening at Gate L1.

### **Parking/Transportation:**

- Reminder that the UPS and BAC extended parking areas are now closed for parking. Please park at the airport parking lot/garage or other long-term parking lots.
- Passengers arriving into Anchorage from the North Slope with vehicles currently parked in the UPS parking lot should notify a ConocoPhillips Baggage Agent after landing to arrange for free transportation to their vehicle until June 30.
- If your hitch will extend beyond June 30 and your vehicle is at the UPS lot, contact Mike Parker with Aviation at 907.263.3512 or via email at [mike.parker@conocophillips.com](mailto:mike.parker@conocophillips.com).

Check bags at our new ticket counter. If no bags to check, go to Step 4.

Location of ConocoPhillips previous Ticket Counter

Get medical screening at Beacon, located on upper "A" concourse. Plenty of signs to get you there!

**STEP 3**  
CHECK BAGS

**STEP 4**  
ENJOY YOUR FLIGHT

**STEP 1**  
START HERE

Go down the escalators to the L1 Gate. Check-in and get boarding pass unless you've already web checked-in. Enjoy your flight!

Driving? Get dropped off at Upper Level "Departures", Door 8. Go to Step 2.

Flying In? Exit security. Go to Step 2.
